

历年真题 1: 设集合 $M = \{x | -1 \leq x < 2\}$, $N = \{x | x \leq 1\}$, 则集合 $M \cap N =$

A. $\{x | -1 \leq x \leq 1\}$ B. $\{x | x > -1\}$,

C. $\{x | 1 \leq x \leq 2\}$ D. $\{x | x > 1\}$

题目怎么读?

$$M = \{x | -1 \leq x < 2\}$$

M 的取值范围为大于等于 -1, 小于 2

$$N = \{x | x \leq 1\}$$

N 的取值范围小于等于 1
